PANDEMIC RENT RELIEF INFO

End of the Pandemic Unemployment Benefits – What Rights Do I Have?

Which benefits are ending?

DC has had three special unemployment programs that expire September 4, 2021:

- *Pandemic Emergency Unemployment Compensation, or PEUC*, extending the time you could receive regular unemployment ("UI") benefits.
- *Federal Pandemic Unemployment Compensation, or FPUC*, giving an extra \$300 per week.
- *Pandemic Unemployment Assistance, or PUA*, giving benefits to people who can't get regular UI.

Are my unemployment benefits going to stop after September 4, 2021?

Maybe.

- If you get regular UI, your payments might continue – Please keep filing claims cards!
- If you get PEUC, your PEUC will stop, but you might start getting regular UI again or you might be eligible for another benefit program - see below!
- If you get PUA, your payments will stop.
- The extra \$300 per week will stop.

Are there any other unemployment benefits I can apply for?

If you are in the PEUC or regular UI program and you do not get paid after the week ending Sept. 4, 2021, you may be eligible for the week ending Sept. 11, 2021 through another program called Extended Benefits (EB). If this applies to you or you aren't sure, please apply for EB as soon as your other payments stop at dcnetworks.org or 202-724-7000.

If you think you may be eligible for PUA for weeks ending between December 1, 2020 and

September 4, 2021, but haven't applied yet, you can apply until October 6, 2021.

I think DOES owes me money for past weeks. Can they still pay me?

Yes! DOES has to keep processing all timely-filed claims. If you are still waiting on DOES to make a decision on your claim or to pay you for missing weeks, please keep following up with them at 202-724-7000 or uiescalations@dc.gov.

DOES told me they aren't going to pay me – what can I do?

You can request a hearing with the Office of Administrative Hearings (OAH).

Get the appeal form at <https://oah.dc.gov/publication/ui-request-hearing-appeal-determination-claims-examiner-involving-unemployment-benefits> or by calling OAH at (202) 442-9094. You can email it to oah.filing@dc.gov or bring it in person to the Office of Administrative Hearings, 441 Fourth Street NW, Suite 450N, Washington, DC 20001.

Are there any non-UI programs I can apply for to help pay my bills?

Yes! DC residents can apply for SNAP (food stamps), TANF, & Alliance/Immigrant Children's Program at <https://dcbenefits.dhs.dc.gov/>, via smart phone through District Access App, or in person at a DHS Service Center. You can apply for Medicaid at dchealthlink.com or by phone at 1-855-532-5465.

You can apply for rental and utility assistance at stay.dc.gov or 833-478-2932.

*If you receive benefits through these programs, please meet all your reporting requirements, including if your unemployment benefits stop.

Student Athlete Vaccine Mandate: Exclusions Start 12/1

On Sept. 20, 2021, Mayor Bowser signed Mayor's Order 2021-109 requiring that effective Nov. 1, 2021, no student age 12 or older shall practice, compete, or otherwise participate in school-based extracurricular athletics (including both interscholastic and intramural sports), unless the student has received a full course of vaccination against COVID-19, or unless the student has received an approved religious or medical exemption. A full course of vaccination means individuals must have received the second dose of a two-dose series, or one dose of a single-dose series. We must continue to encourage our eligible student athletes to receive the COVID-19 vaccine as soon as possible in order to meet the requirements set out in the Mayor's Order.

In order to ensure that we have a strong implementation process and a window to operationalize these important safety and health concerns, the City Administrator's office has established an implementation window from 11/1-12/1 before full exclusion of student athletes from school-based extracurricular athletics is required. This additional period will enable school personnel to establish and execute systems to collect, review, certify, and record proof of COVID-19 vaccination and medical and religious exemptions.

To operationalize the student athlete vaccination requirement, student athlete exclusion from participation in school-based extracurricular athletics will not be required to be implemented before 12/1/2021. This additional period applies only to student athletes, and not adult school employees, contractors, interns, or volunteers, including athletic directors, coaches, trainers, and game officials.

Starting Dec. 1, 2021:

Student athletes who have not received a full course of vaccination against COVID-19 are to be excluded from all school-based extracurricular athletics, including tryouts, practices, drills, conditioning, and competitions (including fall playoffs and championships) until they provide proof of a full course of vaccination. This applies to student athletes participating in both fall sports and winter sports. Note: this means that to receive a full course of vaccination by Dec. 1, student athletes must receive their first dose of a two-dose series no later than 11/9.

Between 11/1 and 12/1 all student athletes who have not received the full course of vaccination will be required to wear a mask in athletic events (even if the current indoor masking order is rescinded or superseded) and are strongly encouraged to participate in weekly testing for COVID-19. Schools are encouraged to collect proof of a weekly negative test in order to allow these student athletes to continue participating in their school-based athletic activity.

Exemptions:

This additional time provides schools with sufficient time to collect, review, and approve or deny requests for religious and medical exemptions. Schools are expected to set strong internal deadlines to ensure these exemptions can be reviewed and processed by 12/1. As a reminder, LEAs and schools are responsible for reviewing and processing religious exemptions. A template for religious exemptions can be found [here](#), and schools are strongly encouraged to use it in order to promote consistency across schools and the District. Guidance on the COVID-19 Vaccination Mandate for Student Athletes can also be found on the OSSE Guidance and Resources page [here](#).

If an exemption is denied before 12/1, the student athlete will have five days to show proof of receiving the first dose of the COVID-19 vaccine, at which point they will remain eligible to participate in school-based athletics.

After 12/1, student athletes will need to have exemption requests processed and approved BEFORE beginning to play, or they are to be excluded from playing until either their exemption request is approved, or they show proof of a full course of vaccination.

Be reminded that it is illegal to make false statements on government forms, and that includes filing applications for exemptions in bad faith.

Student athletes that have an approved medical or religious exemption will be required to wear a mask in athletic events (even if the current indoor masking order is rescinded or superseded). Starting 12/1, student athletes with an approved exemption must be tested weekly for COVID-19 and provide a negative COVID-19 test result on a weekly basis in order to participate in their school-based athletic activity.
