# MTSS Referral Form

**Are you worried about your child's performance or willingness to fully participate in virtual learning?**

SEED wants to partner with families by offering a way for families to confidentially refer students to our Multi-Tiered System of Support (MTSS) program. The team addresses students with academic, behavioral, and social and/or emotional needs that interfere with their academic success. The team provides targeted school-based services and supports necessary for student improvement.

Teachers, parents, and students may request MTSS Team support for attendance, behavior/social/emotional, or course performance concerns. The requests will be made using the Google survey below. The MTSS Chair will review referrals as they are submitted and will determine whether a concern needs to be investigated or brought to the full MTSS team.
